

The following text is about the account payable process. It begins when you send to the senior accountant in your department.

Once sending to the senior accountant in your department occurs, creating a receiving report needs to be done.

Once creating a receiving report occurs, the process is split into 2 parallel branches: confirming all documents have been amended and gathering the vendors invoice.

Once gathering the vendors invoice occurs, doubling check a three-way match needs to be done.

Once all pre-tasks are executed, then you need to check dates to avoid penalty charges.

The process is now completed.
