

The following description is about the account payable process. It begins when you send to the senior accountant in your department.

After sending to the senior accountant in your department, creating a receiving report should be done.

Once creating a receiving report occurs, one or more of the following paths should be executed: reporting errors to relevant team member, confirming all documents have been amended, gathering the vendors invoice.

After that, the next tasks should be stamping all documents and checking dates to avoid penalty charges, they should be done in parallel.

When stamping all documents is completed, one or more of the following paths should be executed: storing in paid invoice file, entering the invoice into the accounts payable account.

After entering the invoice into the accounts payable account, the next tasks should be scheduling the payment and creating voucher for the documents, they should be done in parallel.

The process is now completed.
