

The text below is about the account payable process. It begins when you send to the receiving department.

After sending to the receiving department, creating a receiving report needs to be done.

When creating a receiving report is completed, the process is split into 2 parallel branches: gathering the vendors invoice and gathering the receiving report.

When gathering the vendors invoice is completed, the process is split into 2 parallel branches: reporting errors to relevant team member and confirming all documents have been amended.

After reporting errors to relevant team member, doubling check a three-way match needs to be done.

Once all pre-tasks are executed, then the process is split into 2 parallel branches: entering the invoice into the accounts payable account and storing in paid invoice file.

The process is now completed.
