

The following description is about the account payable process. It begins when you send to the vendor accounting department.

Once sending to the vendor accounting department occurs, creating a receiving report should be done.

When creating a receiving report is completed, the next tasks should be gathering the receiving report and doubling check a three-way match, they should be done in parallel.
Once all pre-tasks are executed, then the next tasks should be scheduling the payment and entering the invoice into the accounts payable account, they should be done in parallel.

Once scheduling the payment occurs, one or more of the following paths should be executed: stamping all documents, storing in paid invoice file.

The process is now completed.
