

The following text is about the account payable process. It starts with entering purchase order details.

After entering purchase order details, creating a receiving report needs to be done.

When creating a receiving report is completed, one or more of the following paths should be executed: reporting errors to relevant team member, doubling check a three-way match.

Once reporting errors to relevant team member occurs, confirming all documents have been amended needs to be done.

Then, you need to store in paid invoice file.

The process is now completed.
