

The text below is about the account payable process. It starts with filing a copy for internal records.

Once filing a copy for internal records occurs, creating a receiving report should be done.

Once creating a receiving report occurs, one or more of the following paths should be executed: gathering the receiving report, gathering the vendors invoice.

After gathering the receiving report, the process is split into 2 parallel branches: reporting errors to relevant team member and doubling check a three-way match.

Afterwards, the next tasks should be entering the invoice into the accounts payable account, scheduling the payment and creating voucher for the documents, they should be done in parallel.

Once entering the invoice into the accounts payable account occurs, stamping all documents should be done.

The process is now completed.
