

The following description is about the account payable process. It begins when you enter purchase order details.

Once entering purchase order details occurs, creating a receiving report needs to be done.

After creating a receiving report, you need to confirm all documents have been amended.

When confirming all documents have been amended is completed, the next tasks should be entering the invoice into the accounts payable account, checking dates to avoid penalty charges and creating voucher for the documents, they should be done in parallel.

When entering the invoice into the accounts payable account is completed, one or more of the following paths should be executed: stamping all documents, storing in paid invoice file.

After checking dates to avoid penalty charges, scheduling the payment should be done.

The process is now completed.
