

The following text is about the Account payable process. It starts when you send the vendor accounting department.

Once the sending to the vendor accounting department takes place, a receiving report should be created.

When you complete the creating a receiving report, you need to collect the vendor invoice.

Once the payment of vendors is collected, one or more of the following paths should be executed: The invoice is entered into the account payable and a payment schedule is scheduled.

The process is now concluded.
