

The following description is about the payed account process - it begins when you send the senior accountant in your department.

When the sending to the senior accountant in your department is completed, a receiving report must be done.

After creating a receiving report, one or more of the following paths should be executed: the receiving report should be collected, and the double check should a three-way match be conducted.

Once collecting the receive report is completed, one or more of the following paths should be executed: - collection of the vendor invoice - reporting errors to the relevant team member.

When reporting errors to the relevant team member is completed, you need to confirm that all documents have been amended.

After that, the next tasks should be to create a voucher for documents and storing in a paid invoice file, this should be done in parallel.

The process is now finished.
